NEWBERRY

Female Collegiate School.

THE SPRING SESSION of this School will begin on the 12th day of February next. It is very desirable that pupils should enter at the commencement of the session, but they will be received at any time, and charged from the time of entrance.

This school has been taught by me for several years, and has hitherto been limited in the number of scholars, but I will now receive a number of pupils for admission, and will employ competent assistants, as the increasing number of pupils may make it necessary to do so.

My health having been fully restored, I propose to devote all my time and energy to the building up of such a school as shall furnish facilities for acquiring a complete education to girls who cannot be sent from home for that purpose, and all the advantages of the best schools in the State to those whose circumstances allow of their being sent abroad.

Having many years' experience as a teacher, the system of instruction pursued will be such as that experience has proved to be most efficient and thorough.

My charges are as follows:

For instruction in the higher studies of a complete English course, for session of five months, \$25 00

For instruction in lower branches of English, for session of five months, from \$15 to 20 00

For instruction in French, German, Italian, each, \$20 00

Board can be had for at least \$15 00 per month, exclusive of lights and washing. I am prepared to take a number of boarders in my family, at the above rate. My house is large, roomy, and comfortable, in a retired part of the town, and has attached to it a fine shady grove, affording ample room for recreation. The above rates for tuition and board are payable in specie, or its equivalent in currency, or provisions at market prices. For further information address
